Be a Corporate Internal Sustainability Champion

Join us for an exciting Sustainable Business User Group (SBUG) at SOLYNDRA. SBUG brings together corporate internal champions to share sustainable business journeys in order to improve our practices and efficiencies within our respective companies. Likely participants include internal champions and executives from private sector companies interested in, or embarking on the sustainable business journey.

Michelle Poliskie, PhD,
Research Associate,
Sustainable Development,
SOLYNDRA, speaking on
life cycle assessments for
operational improvements
and product differentiation.

**Tour of SOLYNDRA's
factory,** highlighting the
new 300 MW capacity
facility and its
operational efficiencies.

An Unique Opportunity To:

- Hear the real challenges and successes in integrating sustainable business practices
- Experience thought-provoking ideas with multi-sector attendees
- Have an insider's look to see what SOLYNDRA is and will be doing
- Network with like-minded forward thinking corporate internal champions
